LATEST FROM GRANT'S ARMY. Sharp Demonstrations of the Enemy on our Left-They are Repulsed on all Sides.

[Correspondence Associated Press.] HEADQUARTERS ARMY OF THE POTOMAC, Nov. 6 .- The first division of the 2d corps, now commanded by Gen. Miles, was reviewed yesterday by Gen. Hancock, and presented a fine appearance. This division has been largely reinforced by recruits, and is now one of the largest in the army.

Gen. Hancock was enthusiastically cheered as he rode along the line.

After the review, the principal officers present adjourned to Gen. Miles' quarters, where they partook of a collation, and spent an hour

in social intercourse. There was quite a lively time between the pickets on the left of the line Friday night, resulting in the loss of a few men on each side. Yesterday a good deal of artillery firing took place on the Jerusalem Plank Road, but without loss to us. Last night the pickets in the same vicinity opened fire shortly after dark, and kept it up sharply all night. At about 11 p. m. the rebels attempted to advance their picket line here, to recover some ground which our men took last week, but our soldiers, being wide awake, made stern objections, and for an hour or two the exchange of compliments in

the shape of lead was quite heavy. This is the old contested ground near what was called Fort Heil, where firing has been almost incessant for three months, and the place was very appropriately designated, for a hotter or more undesirable locality could scarcely be found this side of the region known by that familiar name.

A citizen of Richmond arrived within our lines yesterday morning, having left that city four days ago. He was in the liquor business, but fearing that the authorities would soon seize and put him in the army, he concluded to take an unceremonious departure. He tells the old stories of want and destitution in Richmond, of garroters operating nightly in the streets, the high prices of all necessaries of

He also says the rebels in front of Petersburg are busy mining under our works, but at what point could not be ascertained, as a strict guard is kept in the vicinity, and no one allowed near the place excepting those engaged in the work. Very little faith is placed in his statements. All is quiet throughout the line. W. D. McGREGOR.

FROM THE FRONT. Heavy Artillery and Musketry Firing on our Left.

The United States hospital steamer Connecticut, Captain Stranahan, arrived here this morning at 8 o'clock, from City Point, with three hundred and eighty-five sick and wounded men, under charge of Surgeon T. B. Hood.

The Connecticut reports that on Saturday night about eight o'clock heavy artillery firing was heard at City Point from the direction of Fort Hell, on our left in Hancock's line. This cannonading continued for some time, when rapid firing began, and continued up to three o'clock yesterday morning when it ceased. When the Connecticut left City Point, yesterday at half-past nine o'clock a. m., reports

were afloat there that the rebels had attempted

to blow up Fort Hell, (having undermined it,) after which they charged the works several times, but were as often repulsed with loss. Parties, however, arriving at City Point from Hancock's front yesterday morning had heard nothing of such explosion at the time they left, though there were reports that the rebels were mining with the purpose of attempting to dislodge us from our annoying position on the Weldon road. Due precautions, however, had been taken to render any such labor fruitless, and to give them a Roland for their Oliver.

The disabled men brought up on the Connecnecticut were principally fever cases, but there were some few severely wounded among the The bospitals at City Point are in excellent

condition, and the number of inmates has been materially reduced within a week past, many of the convalescents having been sent home on The mail steamer Manhattan, Captain E. A.

Ryther, which left City Peint about the same t me with the Connecticut, arrived at 6th street wharf this morning at 9 o'clock. Affairs on the north side of the James remain

unchanged. The rebels keep up their usual firing on the working parties on the canal at Dutch Gap, which, however, does not interfere with the work, which is now rapidly approaching completion. The Manhattan brought up the body of Capt.

Mullery, of the 7th New Jersey volunteers. which has been embalmed for transportation to the friends of the deceased in the North. Company I of the 3d U. S. artillery, under command of Lieut. Smith, came up from For-

tress Monroe on the Manhattan, and were sent to Camp Barry, near this city. A BASELESS CHARGE .- Postmaster Bowen, in a communication, denies in toto the statement made by a Washington correspondent of

the New York Express that any discrimination has been made between Democratic and Republican soldiers' votes passing through the Washington office. He says in this connec-"I assert, without fear of successful contradiction, that no distinction has ever been made with any of the soldiers' votes received from the Army of the Potomac, or any other source,

but all have been forwarded alike; that there is not in the office, or in the possession of any clerk, or other person attached to this office, a single soldiers' vote, excepting those received by the last mail from the Army of the Potomac, and those dropped in the office for mailing since six o'clock this morning, (all of which will be sent forward by the mail of this afternoon.)"

The following is to the same effect: POST OFFICE WASHINGTON CITY, D. C., November 4, 1864.

We, Lambert Tree, chief clerk, and James A. Kennedy, superintendent of the floor of this office, do hereby certify that we do not know, and never have known, the Republican from the Democratic votes received in this office from soldiers in the Army of the Potomac or elsewhere, and never have seen the enclosure of an envelope of a soldiers' vote. That in all such cases such votes have been treated alike. and have been mailed and forwarded without discrimination in favor of any, and that the clerks in the office have been instructed to so mail and forward soldiers' letters, that no suspicion of partiality should attach to the office.

We further state that we have read a dis-

patch published in the New York Express of the 3d inst, containing allegations against the office in connection with soldiers' votes, and here declare that every one of them is false and libelous. L. TREE. Chief Clerk, JAS A. KENNEDY, Sup't. THE CAPTURE OF THE EMPRESS THERESA-

The Vessel Destroyed and the Crew taken Prisoners.—This valuable vessel, the property of Mr. John M. Bandle, of Baltimore, and worth between \$35,000 and \$40,000, was, on the afternoon of the 31st ult., captured and destroyed, the Baltimore American says, by fire by the rebel steamer O'Lustee, under command of Lieut. Wm. H. Ward. The Empress Theresa, Capt. N. C. Walker, was in ballast, and bound from Rio to Baltimore, when the O'Lustee came down upon her at full speed, raising the rebel flag in the meantime, and boarded her. The captain and crew were ordered to tranship; atter which, the vessel was scuttled, set on fire and soon disappeared. The crew broke open the trunks and helped themselves to whatever they wished, taking clothing, money, &c. The only passengers on board the Empress Theresa was the captain's wife and her sister. The O'Lustee is an iron vessel of about 1,200 tons burthes, with two screws. burthen, with two screw propellers, two fun-nels, and painted white from stem to stern.

The Lucy was captured on the 20th ult., by the Santiago de Cubas, having a cargo of 414 bales of cotton and 25 tons of tobacco. She was

Captain Otenett, of the 179th New York, was also arrested on Saturday and committed to Old Capitol. He is also charged, it is said, of being connected with the election frauds.

DESTRUCTION OF REBELS ALT WORKS. Admiral Stribling, commanding the East Gulf Blockading Squadron, reports to the Navy Department the particulars of an expedition from the United States bark Restless, on blockade duty at St. Andrews' Bay, Florida. It resulted in the destruction of 50 boilers for salt, making 500 to 1,000 gallons each; 90 kettles, holding from 65 to 200 gallons each; 300 bushels of salt, 31 wagons, 500 cords of wood, and 150 buildings, all of which was the property of the Confederates.

HBAVY LOSS TO THE CONFEDERATES. It has been ascertained from papersfound on the blockade runner Annie, captured on Monday last off Wilmington, that she had on board \$50,000 in gold and a large amount in Confed. erate bonds, which she threw overboard while being chased. The money and bonds belonged to the Rebel Government, and will prove a heavy loss to them.

THE MANASSAS GAP RAILROAD, Gen. Augur returned to this city on Saturday from Rectortown, Va., where he has been engaged for some time past in cleaning out the rebels along the line of the Manassas Gap Railroad. As has successfully accomplished his mission, and the road is now in excellent running order, is strengly guarded and free from guerrilla depredations.

LATEST FROM DIXIE. Rebel Admissions of the Capture of Plymouth, N. C .- What the Rebels Expect Should McClellan be Elected. We have received full files of Richmond pa. pers of Thursday last, the 3d inst., frem which we extract the following: Capture of Plymouth, N. C.

The enemy have, it appears, retaken Plymouth, N. C. It will be remembered that this place was stormed last summer by General Hoke, at the head of his brigade, and that as a reward for his gallantry he was promoted to rank as Major General in the provisional

The enemy, after three days' hard fighting, passed up the middle river, and on the 31st came down the Roanoke towards the forts. Our troops in the two forts, one above and the other below Plymouth, on the Roanoke, were commanded by Gen. Baker, who fought until the upper fort had been passed and the lower one rendered useless by the dismounting of all the guns. We then evacuated the place under heavy shelling from the enemy's gunboats. Our loss was slight.

Plymouth is a place of comparatively little importance to us except as a check to the enemy's gunboat excursions into the interior of the State of North Carolina. The Exquirer, in its accounts of this capture, which is similar to the above, asks the pertinent question, meantime where was the Albemarle?

known to the rebel press .- Ed.

From East Tennessee. [From the Richmond Examiner.] Morristown Point, at which General Yaughn Morristown Point, at which General Yaughn is said to have suffered a reverse, losing four pieces of artillery, is in East Tennessee, about thirty-seven miles east of Knonville. The East Tennessee railroad runs by it. At last accounts the enemy had at Knonville two negro regiments, numbering some fifteen hundred, and about three hundred Onio troops. At Strawberry Plains they had two regiments, the 16th Kentucky and 10th Michigan. Between Morristown and Strawberry Plains there were three East Tennessee Rederal regiments—8th, 9th, and 13th—estimated at two thousand four hundred men, with Kirk's cavalry, some five hundred strong. General Vaughn's cavalry is reported to be now at Bristol.

in our army, the Sentinel thinks we had better leave the question to gradual developement and solution in light of experience, and in accordance as Providence shall mark our future path, rather than wrangle over it now. The Enquirer agrees with the Charlottesville Chronicle that ours is a war for supremacy of race and right of self-government, and says the question of conscripting negro soldiers is one

of expediency purely. Destruction of the Albemarle. The Richmond Dispatch, of Friday last, has a short account of the destruction of the rebel ram Albemarle, by Lieutenant Cushing. The destruction of the ram was complete.

TELEGRAPHIC NEWS.

NEWS FROM BUFFALO. Frustration of the Raid.

BUFFALO, Nov. 4 .- A letter received this morning from a friendly Canadian, dated at Drummondville, near Niagara, gives the particulars of the designed raid on Buffalo, which only failed, he says, through the promptitude of our authorities. Two Confederate officers. named Mock and Dinnie, had charge of the atfair. All the arrangements were completed, and they had a hundred men here who had been coming in for a week previous, and were scattered about the city in different boardinghouses. At a signal, these men were to fire the city by means of Greek fire.

Though the plan has failed, it is not entirely abandoned, and they swear they will yet destroy Buffalo. Captain Ottenoth, of the 179th New York Volunteers, has been arrested here and sent to

Washington, on a charge of being implicated in the soldiers voting frauds. The Express, this morning, editorially states that frauds in the soldiers' votes have been discovered in this city.

Report of the Bark Speedville being Boarded by the Pirate Chickamauga. PHILADELPHIA, Nov. 7 .- The bark Speedville, Captain Dixon, reports having been boarded by the Chickamanga, on the second instant, in lat. 40.30, long. 69.10, and having a lady and child passengers, was bonded for \$15,000, to be paid in gold, and was allowed to proceed after taking on board Captain Thompson and crew, of the schooner Otterdock, from Bangor, for Georgetown, since abandoned. The schooner Goodspeed, before reported as

by the Chickamauga. The bark Victoria, from Miragoane, reports that on the 31st ultimo, latitude 35 22, longitude 73 3, she saw a vessel on fire, burned to the water's edge, supposed to be of three hundred

LOCAL NEWS.

THE RUSH OF VOTERS HOMEWARDS .- For over a week past the different trains northwards have been taking away large numbers of soldiers and others, on the way to their respective residences to cast their votes to-morrow for President, &c., and it is calculated that since last Monday morning over thirtyfive thousand persons have passed over the road. So great has been the rush that at times the depot has been crowded for hours before the departure of the trains with those anxious to get even standing room in the cars and on the platforms. At times some disorder has occurred, but on each occasion it was promptly suppressed.

The rush at the gate has at times been tremendous, and the guard there had to be strengthened, and on one or two occasions soldiers, in their anxiety to get away, not liking the judicious measures taken by the company to prevent the cars bing crowded by friends of passengers who are anxious to spend their last minute with them, have threatened to tear down the railing, and some, after getting in the gate, having no respect for the car specially reserved for the ladies, (which is usually opened to ladies and their companions only, have attempted to get in by the windows. The wants of the public have, however, been promptly met by the company, and when it was impossible for all persons on the platform to get on the train extra trains have been sent out, and we believe that, thus far, not a single passenger has been compelled to remain in the depot over night.

The fact of itself speaks volumes for the management of the road, and much praise is due the officers-Mr. W. P. Smith, master of transportation; Mr. Koontz, the general agent here; Mr. Walker, the passenger agent, and the ticket agents—who have been untiring in their exertions to accommodate the rush, which is unprecedented in the history of railroading. The conductors on the Washington Branch road-Capts. Dukehart, Snyder, Phelps, Taylor, and others -- have had an extremely hard time of it, but they have performed their duties in an unexceptionable manner. Not only has the rush occasioned much work for these gentlemen, but almost every attache of the road has worked for a week past almost constantly. and no doubt they will all feel relieved when the last train leaves to-night. Yesterday, the hotels in Baltimore were crowded by persons awaiting an opportunity to leave that city. The estimated number (35,000) will, by the trains leaving to-day, probably be increased to

from 40,000 to 50,000. CHARGE OF GRAND LARCENY .- Sam'l Washington (colored) was arrested last night by Sergeant Tait upon a charge of stealing \$110 from Henrietta Spriggs. The complainant is a milk-dealer and keeps her milk-house in Naylor's Alley, near 13th and C streets. She had her money wrapped up in a piece of silk. She took it out to change a \$20 note for a friend Sunday morning, and laid it on her counter to wait on a customer. Upon returning to get it, it was gone. She went to a fortune-teller, who told her that the first man she met wearing a white cloth around his head was the person who stole her money. The prisoner was in the shop when the money was changed, and left when the complainant was serving her customer. She told the facts to Sergeant Tait, who arrested the prisoner, searched him and found the money as complainant described, ex-

cept a \$5 note, all in a new pocket book bought by the prisoner yesterday. The prisoner denies stealing it, but says he found it on the pavement. Justice Miller recognized the prisoner as having been arrested a few days ago for stealing lumber from Mc-Lean's lumber yard. Oddly enough, the prisoner was found dressed as the fortune-teller described, and facts elicited were strong enough to send him to jail for court, and he was fully committed.

HIGHWAY ROBBERY,-On Saturday night as Thomas Johnson, colored, was leaving a colored barber shop on Third street, between E and F, on the Island, he was met by Charles Williams, alias William Johnson, and Hugh Payne, when the first named forcibly took his pocket-book, containing four or five dollars, and walked off, the pocket-book being passed over to Payne. Johnson followed them, but they refused to give it up, and he called on Officer Weedon, who arrested the parties and took them before Justice Handy, and they were committed to jail for court.

LARCENY OF COKE.—On Saturday night, Mr. U. B. Mitchell missed some coke of a pecultar kind, and also two chickens, and tracked it to the house of Jos. Moten, colored, where it was found, as also some chicken feathers. Moten was arrested by Officer Cullen, and com-mitted to jail by Justice Handy.
